

Shandong Zhuoxing Chemical Co., Ltd.
Zibo Zhuoxing Enterprises Co., Ltd.

water reducer polycarboxylate superplasticizer

Company profile

Shandong Zhuoxing Chemical Co., Ltd. is headquartered in Zhangdian District, Zibo City, and its production base is located in Xinhai Industrial Park, Wudi County, Binzhou City. It has entered the surfactant industry since 2003 and is a fine chemical enterprise with ethylene oxide and propylene oxide as the main raw materials.

The main production of concrete superplasticizer with polyether monomer, polycarboxylate superplasticizer, polycarboxylate superplasticizer powder, defoaming agent and other non-ionic surfactants.

The company is the vice chairman unit of the National Industrial Surfactant Council, the vice chairman member of the Epoxy Fine Chemicals Professional Committee of China Petroleum and Chemical Industry Association, and the member of the Concrete Admixtures Branch of China Building Materials Association.

Company adhere to the science and technology is productivity, widely with colleges and universities and scientific research units to carry out

technical exchanges and cooperation, actively introducing and popularizing the domestic and foreign advanced new material, new equipment, new production technology and detection means, according to user requirements to provide products technical services, to make our company in the industry always maintained leading technology advantage.

Production capacity:

The annual production capacity of polyether monomer is 72,000.00 tons, polycarboxylate superplasticizer and polycarboxylate suplasticizer is 100,000.00 tons.

The function of water reducer polycarboxylate superplasticizer Cement particles can be fully dispersed, water consumption is greatly reduced, the potential of cement has been fully developed, resulting in the cement stone more compact, pore structure and interface area microstructure has been very good improvement, so that the physical and mechanical properties of concrete has been greatly improved

Services:

Pre-sale service: professional technical solutions, technical advisory
